

MAINE RESPONDS

EMERGENCY HEALTH VOLUNTEER SYSTEM

The MAINE RESPONDS Emergency Health Volunteer System provides a prepared and ready workforce of volunteers to serve the people of Maine in the event of any public health emergency.

What is MAINE RESPONDS?

MAINE RESPONDS is a partnership that integrates local, regional, and statewide volunteer resources to assist our public health and healthcare systems. It is part of a national initiative (ESAR-VHP) to train, coordinate, and mobilize volunteers during an emergency. MAINE RESPONDS coordinates verified, pre-credentialed healthcare and emergency response volunteers into a single database that can coordinate the need for volunteers across county, regional, and state lines if needed.

Registering as a MAINE RESPONDS volunteer will help ensure that people affected by a disaster will receive the public health and medical care they need. Enrollment in the database is the first step in meeting this urgent need within Maine and the nation.

Register today at:

Who can register to volunteer?

We all have a role to play in preparing Maine for the challenges of responding to a public health or healthcare emergency. MAINE RESPONDS seeks volunteers from all backgrounds, skill levels, and experiences willing to support a public health or healthcare emergency response. The primary focus is on healthcare providers such as physicians, nurses, paramedics and emergency medical technicians, pharmacists, dentists, physician assistants, nurse practitioners, behavioral health professionals, laboratory professionals, diagnostic imaging professionals (radiographers), pharmacy technicians, respiratory therapists, physical and occupational therapists. Other targeted professions and skill sets include security, clergy, administrative support, and industrial safety. If you work in a health-related discipline, we encourage you to register with MAINE RESPONDS.
